## Program Description:

As a candidate IB World School, North Hagerstown High School provides competitive IB MYP students with a well-rounded preparation either the IB Diploma Programme or the IB Career-related Programme, both offered at North Hagerstown High School. International Baccalaureate programs represent the gold standard of internationally-recognized, rigorous curriculum. IB World Schools share a common philosophy—a commitment to improve the teaching and learning of a diverse and inclusive community of students by delivering challenging, high quality programmes of international education that share a powerful vision. The IB Middle Years Programme is a five year programme, starting in the 6th grade and culminating with the awarding of an IB MYP Certificate in the 10th grade. The Middle Years Programme aligns vertically with Northern Middle School's IB MYP offering, working in concert to deliver years 4 and 5 of the MYP. The IB MYP consists of eight subject groups; Language Acquisition, Language and Literature, Individuals and Societies, Science, Mathematics, Arts, Physical and Health Education, and Design. At NHHS, students must take courses in 6 of the 8 subject groups to fulfill the MYP requirements for years 4 and 5. Inquiry is used in all subject areas to expand student knowledge and understanding of the world around them. The student-centered framework, which is built around the ten traits of the IB Learner Profile, enhances the WCPS Essential Curriculum by building critical thinking skills in a globally-minded classroom. Students in the IB MYP will complete a Community Project in the 8th grade, followed by the Personal Project in the 10th grade.

\*North Hagerstown High School is a candidate school for the International Baccalaureate (IB) Middle Years Programme and is pursuing authorization as an IB World School. Only schools authorized by the International Baccalaureate can offer any of its four academic programmes. Candidate status gives no guarantee that authorization will be granted.
